

## API 610 PROCESS PUMP

PUMP MODEL

# SP/SPD

Catalog No. CS1830E\*

### Design

Near Centerline support, Axial split  
Multistage, Double Volute casing  
Opposed impeller arrangement  
Double Suction 1st stage Impeller for SPD  
Low NPSH performance for SPD  
Full compliance with API 610

### Application

Pipeline, Crude Oil Transfer  
Petroleum refinery,  
Petrochemical Industry  
Other Industries

### Rating

Capacity	upto 4200 m <sup>3</sup> /h (18550 U.S.gpm)
Head	upto 1500 m (4920 ft)
Temperature	upto 205°C (400°F)
Flange Rating	upto ANSI Class 2500 lb Others are also available
